Hall Manager: Hafsi Bakari
Warden: Dr Adrian Clark

HOW TO...

Get emergency help

Ask reception to contact the on-call manager or duty resident advisor (RA).

020 7664 2047

A member of staff is on call 24 hours a day. During office hours, this is a manager. Evenings and weekends, there is a duty RA. They can contact the Warden for additional help at any time.

999
UK national emergency services number
POLICE | FIRE
AMBULANCE | COASTGUARD
MOUTAIN & CAVE RESCUE

112
International emergency services number
Calling 112 is the same as calling 999. It's the international emergency number, so it works all around the world.

111
UK national non-emergency urgent healthcare
Call 111 when you need medical help or advice fast, but it's not an immediately life- or limb-threatening emergency.

101
UK national non-emergency police number
Call 101 when you need to contact the police but you don't need an emergency "blue lights" response.

Life-threatening emergencies

1. Call **999** for the police, ambulance, or fire service.
2. Then **inform reception immediately** so they can direct the emergency services quickly to your location and send a member of Hall staff to assist you.
